**Sleeps 6**

**This is a "Timber" Cabin**

**Please contact us if you have  
a future date you would like to  
request. We may be able to  
accommodate you.**

Your kids are only young once and this is your chance to have some fun with out spending a lot of money. I am a private party and my family owns these Timber Cabin's. You will have full rights to the unit for the week, the resort, and all of the amenities the resort has to offer, during your stay. The only other fee is a mandatory housekeeping fee of \$96 set up by the resort, and must be paid directly to the resort with a major credit card. You must be 18 years old to rent this Cabin. This is a fully equipped cabin, kitchen, living room, two bedrooms, two bathrooms (no more waiting), fireplace, electric grill, and washer and dryer(in the cabin). It even includes 6 beach towels to take to the pools. If you are like my family, your spouse and kids will not let you stay at a cramped hotel again or go camping for that matter. These "Timber" cabin units are all larger than the cottages and other cabins at Christmas Mountain and have the screened in deck with an electric grill, which the others do not. If you are staying at Christmas Mountain you really want to look for a "Timbers" unit, as they are the best units with 950 square feet. For a list of additional dates for rent and pricing, as well as pictures and a list of some of the many activities to do in the Dell's visit:
