But as Dan Torrance knows, and tween Abra Stone learns, The True Knot are quasi-immortal, living off the "steam" that children with the "shining" produce when they are slowly tortured to death. Haunted by the inhabitants of the Overlook Hotel where he spent one horrific childhood year, Dan has been drifting for decades, desperate to shed his father's legacy of despair, alcoholism, and violence. Finally, he settles in a New Hampshire town, an AA community that sustains him, and a job at a nursing home where his remnant "shining" power provides the crucial final comfort to the dying. Aided by a prescient cat, he becomes "Doctor Sleep." Then Dan meets the evanescent Abra Stone, and it is her spectacular gift, the brightest shining ever seen, that reignites Dan's own demons and summons him to a battle for Abra's soul...Warner
