**Transcendence** A brilliant innovator in the field of Artificial Intelligence becomes the bridge in the gap between man and machine in this sci-fi thriller starring Johnny Depp. His entire career, Dr. Will Caster (Depp) has been working toward one goal -- to create a machine possessing the entire spectrum of human emotions, and the collective intelligence of every person who has ever lived. But while Dr. Caster's unorthodox experiments have made him famous in scientific circles, a radical anti-tech group known as Rift is determined to stop him at all costs. In the midst of an attack on A.I. labs across the United States, one Rift agent manages to shoot Dr. Caster with a radioactive bullet, ensuring his death. Little did Rift realize that their efforts to destroy Dr. Caster would only make him stronger than they ever could have imagined, because before he dies, his wife Evelyn (Rebecca Hall) and best friend Max (Paul Bettany) successfully transfer Dr. Caster's consciousness into a computer, where his hunger for knowledge and power transforms him into an unstoppable force of sentient energy inhabiting every computer and electrical system on the planet. Morgan Freeman co-stars. Warner

**The Protector 2** Director Prachya Pinkaew and star Tony Jaa reunite for this sequel that finds Kham (Jaa) on the run after being blamed for the murder of elephant-camp owner Boss Suchart. When all evidence points to Kham as the killer, he must clear his name and find his elephant with Boss Suchart's vengeful twin nieces (Jija Yanin Wismitanan and Teerada Kittisiriprasert) in hot pursuit. Fortunately for Kham, Interpol agent Sergeant Mark (Mum Jokmok) is willing to lend a helping hand. But things get complicated when ruthless crime lord LC (RZA) attempts to add Kham to his prized collection of world-class fighters, and send him on a secret mission. Magnolia

**Aerial America Southwest Collection** A Smithsonian Channel production, featuring an aerial view of Arizona and Nevada's great beauty. The Grand Canyon is one of the seven natural wonders of the world, but it's just one of many breathtaking marvels you'll find in Arizona. Explore the Copper State's remarkable history and its awe-inspiring landscapes, spectacular sunsets and infamous gunfights. From Tombstone to tent jails, from the Valley of the Sun to lost cities of gold. Nevada is known as a Wild West state that's still a little wild, but there's much more to this ancient desert land than the City of Sin. This aerial tour highlights Nevada's vital role in the shaping of America, from the mines and ghost towns of its gold and silver rush, to its icon of American ingenuity: the Hoover Dam. Inception

**Cesar Chavez** A biography of the civil-rights activist and labor organizer Cesar Chavez. Stars Michael Pena, America Ferrera, Rosario Dawson. The life and career of legendary civil and labor rights leader Cesar Chavez is dramatized, following Chavez's mission to officialize the rights of immigrants and farm workers, as well as his personal journey as a husband and father. Outspoken but gentle, willful but soft spoken, the organizer's unique presence and unwavering commitment to non-violent protest would make him an enduring symbol of freedom and equality for generations to come. **100 Years of WWI** 100 Years Of WWI from History takes a comprehensive look at the war that left 15 million dead, 20 million injured, and changed battle forever. Gone was traditional man-to-man combat, with its small guns and sneak attacks by ground troops. Harnessing the industrial know-how of combustion engines, airplanes, and even the camera, WWI introduced game-changing weapons of mass destruction: armored tanks, chemical weapons, submarines, and the aerial bombardments of cities. Using experts, eyewitness testimony, and riveting archival re-creations, History explores the deadly mix of weapons that defined modern warfare and shocked the world. See how these weapons were developed and witness the devastation they left behind. Meet the first dogfighters who, in acrobatic encounters, developed many of the tactics and strategies still used today, including a German ace known as "The Red Baron." Understand how people born into a simpler age learned to deal with the destructive engine of total war. A&E / Lionsgate
