

THE WISCONSIN CONSERVATIVE DIGEST

Impeachment Hell:

The Nutty Left is taking this country through hell on this Impeachment. Worse, they started this before he was even inaugurated with the phony "Russian Collusion Accusation" that turned out to be complete lie.

It is just one big lie after another! Obstruct congress?? Hell, they don't do much any way. Nothing that helps working Americans except give money away to their buddies. And worse this is distracting the president, one of the best in our history. Please ignore all the stupid things said by everyone, and just watch what they do. What Donald does!!

All of you Vets, Troops out there, Sportsmen, Tea party people, Conservatives, Trump backers, Right to Lifers, Business people. The left hates you. Help us fight!

His jobs and economy programs have brought us full employment.

Lower taxes that add to our pay check. Gotten us new trade deals for farm income and lower prices on products.

- Stopped the crooked Chinese from stealing all of our money and secrets of trade.
- Wiped out ISIS and other big terrorists, getting us out of endless wars.
- Stopped Illegal immigration and refugees from coming into country and stealing our job.

\$401k's

Look at your 401 K. Obama did not do that, Trump did. This will help us retire in style. If Ditzzy Warren or Bernies gets in, they will take part of them every year, as they're the biggest target and the most money: Yes, YOUR 401k can be grabbed easily. Take 2% of your money every year cause they think we are all RICH!! They wish to take money from all of us "RICH" people and give it to their buddies for free medical, free college, free bubble gum for the college vote, welfare for illegal aliens.

Worse they hate Christians, cause of the Ten Commandments, and Jews. The left is Anti-Christian and Anti Semitic. We must fight that. And More: We need your help to volunteer for the Conservative Fight this year. We need your help to volunteer for the Conservative Fight this year.
